# Borough Council of King's and West Norfolk Local Plan Review (2016 – 2036):

## Further Consideration of the Settlement Hierarchy

## Introduction

Consideration of the Settlement Hierarchy was previously brought before the Local Plan Task Group. The paper presented at that time focused upon explaining the theory behind a settlement hierarchy, how our current settlement hierarchy was established, what it was, the need to review it as part of the Local Plan review, and finally a suggested method for the review.

This paper is intended to be a follow up to that earlier paper, as we are now in a position to present the results from the study.

It was agreed that we would go out to consultation to gather data on the services and facilities present today in each of the settlements listed within the settlement hierarchy. This was conducted initially on Parish Councils (and Parish Meetings) intelligence. Three months later, and following serval reminders, we had approximately a 50% response rate, whether this is a decent response rate is debatable but, we still required information for the outstanding 50% for review purposes. In order to gain 100% coverage the information was requested, as agreed at the previous Task Group meeting, from Task Group members, officers who lived / worked in the settlement, GIS, online information, and previous data.

## Results

The results from the study can be viewed at Appendix 1 of this paper.

## Sub-Regional Centre

The results of the study suggest that King's Lynn (Inc. West Lynn) should remain as the sub-regional centre or indeed any further settlements should be added to this category.

## Main Towns

The study does not suggest that either Downham Market or Hunstanton should be removed from this category, or that any other settlement within the Borough should be promoted to this rank.

## Settlements Adjacent to King's Lynn and the Main Towns

Currently this category comprises four places North Wootton, South Wootton, West Winch and Wisbech fringe (Inc. Walsoken). The Core Strategy states that these are larger villages providing local facilities but, because of their proximity to King's Lynn, the Main Towns and particularly areas with potential for urban expansions their importance is distinct from KRSC's. Note that the SADMP makes the alteration to remove Emneth from this category and class it as a KRSC due to the direction of growth taken by the Wisbech Fringe allocation. It is difficult therefore to see how the results from this study could alter the status of these settlements or make any additions, as the classification is based mainly upon the capacity of the settlement to contribute to large strategic allocated growth. It is therefore proposed that this category remains unchanged, unless a different growth option than that previously agreed is taken forward.

## Growth Key Rural Service Centres

Based upon the growth option chosen by the Task Group, it is proposed to create a new tier. This tier would contain Watlington and Marham. Watlington has been chosen for growth as it lies upon the Main Line Railway (King's Lynn, Watlington, Downham Market – Ely – Cambridge – London) and is a sustainable settlement boasting a primary school, local convenience shop, public house, social club, church, village hall, GP and Pharmacy, and bus links. Marham has been identified for growth due to its already sustainable nature, and that it plays host to one of the areas key employers in RAF Marham both in terms of primary and secondary employment.

## Key Rural Service Centres

During the formulation of the Settlement Hierarchy the criteria to gain such a classification was the presence of a school, preferably a GP (but not essential), a convenience store, and a public transport system. A high score overall was also required. Looking at the results of the latest study, whilst there is a range in the overall numbers scored with Burnham Market scoring the highest (55) and Great Massingham and East Rudham both soring the least (10), overall the settlements performed well.

## Discussion

Overleaf are the results of the settlements currently classed as KRSC's with the desired attributes and population displayed. Based on the results those highlighted in Blue are proposed to be Growth KRSC's, those in green are proposed to remain as KRSC's. Those highlighted in red are done so for further discussion as they scored comparatively low and lack a GP.

| KRSC | High School | Primary School | GP | Convenience Shop | Public Transport | Total Survey Score | Pop |
|---|---|---|---|---|---|---|---|
| Terrington St. John with St. Johns Highway / Tilney St. Lawrence | | ✓ | ✓ | ✓ | ✓ | 58 | 2,467 |
| Burnham Market | | ✓ | ✓ | ✓ | ✓ | 55 | 877 |
| Upwell / Outwell | | ✓ | ✓ | ✓ | ✓ | 50 | 4,833 |
| Feltwell with Hockwold cum Wilton | | ✓ | ✓ | ✓ | ✓ | 49 | 4,020 |
| Dersingham | | ✓ | ✓ | ✓ | ✓ | 44 | 4,640 |
| Snettisham | | ✓ | ✓ | ✓ | ✓ | 40 | 2,570 |

| Castle Acre | | ✓ | | ✓ | ✓ | 10 | 848 |
| East Rudham | | ✓ | | ✓ | ✓ | 10 | 541 |

## Rural Villages

Originally to be classed as a Rural Village, the settlement would have fewer facilities present is comparison to those in the KRSC's, with little or no convenience shopping, a public transport service, and will likely feed into a larger village.

## Discussion

Overleaf are the results of the settlements currently classed as RV's with the desired attributes and population displayed. Based on the results those highlighted in green are proposed to remain as RV's. Those highlighted in purple are done so for discussion as they could potentially be promoted to a KRSC based upon the study results. Those highlighted in red are done so for further discussion as they scored comparatively low and lack one or more of the desired facilities.

## Smaller Villages And Hamlets

Originally these settlements were villages with little or no services.

## Discussion

Below is a selection of the results of the settlements currently classed as SVAH's with desired attributes and population displayed. Based on the results those highlighted in purple are done so for discussion as they could potentially be promoted to a SVAH based upon the study results.

| | SVAH | Primary School | GP | Convenience Shop | Public Transport | Total Survey Score | Pop |
|---|---|---|---|---|---|---|---|

| Boughton | | | ✓ | | | 4 | 227 |

## Current Joint Settlements

The table below is presented for discussion; it shows the current joint settlement and based upon the results of the study what each individual settlement would be classed as if the linkage was removed.

| Joint Settlement | Current Status | S1 | Status 1 | S2 | Status 2 | S3 | Status 3 |
|---|---|---|---|---|---|---|---|
| Brancaster with Brancaster Staithe / Burnham Deepdale | KRSC | Brancaster | KRSC | Brancaster Staithe | RV / SVAH | Burnham Deepdale | RV |
| Feltwell with Hockwold cum Wilton | KRSC | Feltwell | KRSC | Hockwold cum Wilton | RV | | |
| Great Bircham / Bircham Tofts | RV | Great Bircham | RV | Bircham Tofts | SVAH | | |
| Grimston /Pott Row with Gayton | KRSC | Gayton | KRSC | Grimston | RV | Pott Row | RV |
| Marshland St. James / St. John's Fen End with Tilney Fen End | RV | Marshland St. James | RV | St. John's Fen End | SVAH | Tilney Fen End | SVAH |
| Methwold with Northwold | KRSC | Methwold | KRSC | Northwold | RV | | |
| Terrington St. John with St. Johns Highway / Tilney St. Lawrence | KRSC | Terrington St. John | KRSC | St. Johns Highway | SVAH | Tilney St. Lawrence | KRSC |
| Upwell / Outwell | KRSC | Upwell | KRSC | Outwell | KRSC | | |
| Walpole St. Peter / Walpole St. Andrew / Walpole Marsh | RV | Walpole St. Peter | RV | Walpole St. Andrew | RV | Walpole Marsh | SVAH |
| West Walton / Walton Highway | KRSC | West Walton | KRSC | Walton Highway | SVAH | | |

## New Joint Settlements?

Below is presented for discussion and details three potential new links.  The top two would be KRSC's and the latter one it could be either a KRSC or RV, this is based upon the results of the study.

| | |
|---|---|
| Outwell, Upwell and Three Holes | Inter connected, continuation of linear settlements and Development Boundary, linkage would be logical and similar to other joint settlements |
| Stoke Ferry, Boughton, Wretton, Whittington | Shared Doctors and close location |
| Bircham Tofts, Great Bircham, Bircham Newton | Similar situation to Marham regarding large employer |
